

# How To... Differentiate Worksheets and Written Text

Highlight key words

- Use **bold** text
- Use **colour**
- Underline
- **Highlight**

Only provide students with the task at their level

Cover up or blank out the more difficult questions or text that are not needed.

Break the text down into parts.

Explain difficult words and provide word banks. Use visual supports (e.g., symbols, pictures, diagrams)

Encourage students to say when they don't understand. A whole class visual reminder can help

Photocopy and enlarge worksheets

Use a task checklist to remind them of the steps they need to do when reading and answering questions
